4. Legislative Update	<p>Leanne asked Tim Nogler to review the bills of interest.</p> <p>Tim said the list is the same as last week. HB 1085, 1262 and 1263 have passed out of committee and are now eligible for action on the House floor.</p> <p>HB 1213, use of greywater, is on the agenda for executive action on February 9.</p> <p>There are four bills addressing the state building code council. Both Senate bills had a hearing this last week—SB 5412 and 5500. Leanne provided testimony yesterday on 5500. She clarified that she did not speak on behalf of the Council but rather to her experiences on the council and as a city elected official. She addressed the changes the Council made to their policies and procedures this year based on stakeholder input and also spoke against a 6 year code cycle. Tim noted another issue in the bill is the requirement to pass a bill to adopt code updates and the associated fiscal impact. DES spoke to their concerns regarding the relationship between DES and the Council and where the various responsibilities lay. Senator Angel also asked for budget reports and information on the fund transfer from other agencies. The two House bills, 1436, and 1622 are scheduled for hearings on February 7. Tim also noted there were provisions in both 1436 and 5412 regarding approval of materials and</p>
