Group 2

IBC-structural and IEBC

The Council staff is working on the existing amendments reports and the significant changes reports, incorporating the TAG recommendations. The reports must be reviewed and approved by the IBC/IEBC TAG; the TAG meeting will be scheduled after the Council meeting.

IRC

The IRC TAG has had two meetings, but no chapters have been reviewed yet. Two additional meetings were added to the schedule. The TAG must complete the review, and approve the existing amendments report and the significant changes report by February 16.

UPC

UPC TAG has had three meetings and is working through the state amendment and significant change report. Both reports will be complete by the February 16 council meeting. (IAPMO has not published a significant changes book for this code cycle, this has held up the significant changes report).

IWUI

The Council staff has been meeting with outside stakeholder groups looking at what a proposal or a TAG would be allowed to modify from the RCW. Staff is currently working with the Fire Chair (Tony Doan) to get members together for a TAG. The IWUI will be taking code change proposals during the group 2 process.

IMC/IFGC/IRC Mechanical

The Mechanical TAG has completed their review of the existing amendments and has completed their significant changes report.

WSEC-Residential

The WSEC-R TAG has completed their review of the integrated draft.
