			01 Scope	and Administration			
AG Member: Jennifer Eliuk							
WAC 51-51-01010	Scope	101.1		Section number is wrong, should be 101.2 Scope (101.1 is Title). IBC refence section number for live work units needs to be updated to 508.5	modify amendment		Modify amendment
51-51-0102	Applicability	102					
	Appendices	102.5		Exception 2 should reference Appendix U for fire sprinklers, not Appendix Q (that is tiny homes).	MODIFY amendment		Modify amendment
	Additions, alterations or repairs	102.7.1		Base language has changed from "become unsafe" to "less compliant"	Code change proposal needed		Match model code base language and keep all state amendment exceptions
	Moved buildings	102.7.2		R102.7.2 does not exist in base code	KEEP		Keep amendment
<u>51-51-0106</u>	Construction Documents	106					
	Submittal documents	106.1		Base code was changed to match our language verbatim. Amendment no longer needed.	DELETE		Delete Amendment
CAC Manuham James S. C.			02	2 Definitions			
AG Member: Jennifer Eliuk 51-51-0202	Definitions	202	202		Any definitions not listed		See notes on side
31-31-0202	Deilillitions	202	202		below, we can KEEP as is		see notes on side

	Balanced Whole House Ventilation			Two new definitions "Balanced Ventilation" and "Balanced Ventilation System" were added, ours can possibly be	Needs code change proposal	Use model code
	BATTERY SYSTEM, STATIONARY STORAGE			Has been eliminated from the base code, so we can eliminate	DELETE	Delete amendment
	Building, Existing			this one. "Building, Existing" appears in the list out of order, should be AFTER "Building".	MODIFY	Modify amendment to notes
	ENERGY STORAGE SYSTEMS (ESS)			This definition was not in the base code previously but has been added and is <i>similar</i> , consider scrapping ours for theirs or modifying.	Needs code change proposal	Delete amendment
	LOT			Was modified in the base code to match our language	DELETE	Delete Amendment
	MIXED VENTILATION ZONE			This defection doesn't exist nor did it in 2018, so we don't need to say we're not adopting it.	DELETE	Delete amendment
	TOWNHOUSE			They adopted our language so we can eliminate this one.	DELETE	Delete amendment
	TOWNHOUSE UNITS			A single-family dwelling unit in a townhouse that extends from foundation to roof and that has a yard or public way on not less than two sides that extends at least 50 percent of the length of each of these two sides.		Keep amendment
	WHOLE HOUSE VENTILATION SYSTEM			Base code has a similar definition WHOLE HOUSE MECHANICAL VENTILATION SYSTEM - is ours necessary? Not sure what the distinction is between them.	Needs discussion	Use model code
TAG Member: Jennifer Eliuk / (Ouven Thai		03 Bui	lding Planning		
<u>51-51-0301</u>	Design Criteria	301				

	Climatic and geographic design criteria	301.2	Update table number to R301.2	MODIFY		Modify amendment
	Live load	301.5	Table in case code has changed, including a new column for concentrated load.	Needs code change proposal		Use model code language. keep deck live load of 60 and footnote (I) but change to (J)
51-51-0302	Fire-Resistant Construction	302				
	Double walls	302.2.1	CORRECT IBC section reference to 703.2.2 (not a new change)	MODIFY		Modify amendment
	Common walls	302.2.2.2	Lots of changes in this section	Needs code change proposal	Modify amendment	Match model code language and add electrical WAC
	Continuity	302.2.3	Base code only changed to add "townhouse units" in the same spot we have it. No other changes to base code.	KEEP		Keep amendment
	PARAPETS FOR TOWNHOUSES	302.2.4	Base code was changed to match our language, which was the addition of "townhouse units"	DELETE		Delete amendment
	Tables R302.1(1) & R302.1(2)		These are included in the amendments but we don't show the actual table, and then we have language that says "No change to the Table" in it's place, which in a way kind of actually deleted the table? I think we should remove these "amendments" since they don't amend anything.	Needs discussion		Keep amendment
	R302.3 Two-Family Dwellings		Base code has a couple of changes such as adding a statement that separation is required whether or not there is a real lot line between units	further research to adopt model code	Keep amendment	Keep amendment
	R302.3.1 & R302.3.2 (no titles)		These are new sections we have added, however they are both missing a title. Consider modifying to add descriptive titles to both, especially since the base code has Supporting Construction at R302.3.1 (at first I thought we had amended the same section, but we moved it to R302.3.3).	Needs discussion		Modify amendment titles R302.3.1 Separation R302.3.2 Continuity
	R302.3.3 Supporting Construction			KEEP		R302.3.3 Supporting Constructio

	R302.4.1 Through penetrations		Base code has added a new	Needs code change		Delete amendment
			exception, needs	proposal		
			consideration.
