For the Washington State Energy Code, please see specialized [energy code forms](#)

Section(s):

105.5.56

Title:

Temporary heating or cooking in wildfire risk areas

2. Proponent Name (Specific local government, organization or individual):

Proponent: 2024 International Fire Code Technical Advisory Group

Title: TAG Member

Date: 08/21/2024

3. Designated Contact Person:

Name: Ken Brouillette

Title: Technical Code Coordinator

Address: 220 3rd Ave S, Seattle, WA 98104

Office Phone: (206)386-1455

Cell: ()

E-Mail address: ken.brouillette@seattle.gov

4. Proposed Code Amendment. Reproduce the section to be amended by underlining all added language, striking through all deleted language. Insert new sections in the appropriate place in the code in order to continue the established numbering system of the code. If more than one section is proposed for amendment or more than one page is needed for reproducing the affected section of the code, additional pages may be attached.

Clearly state if the proposal modifies an existing amendment or if a new amendment is needed. If the proposal modifies an **existing amendment**, show the modifications to the existing amendment by underlining all added language and striking through all deleted language. If a new amendment is needed, show the modifications to the **model code** by underlining all added language and striking through all deleted language.

Code(s) 2024 IFC Section(s) 105.5.56

Enforceable code language must be used.
Amend section to read as follows:

105.5.56 Temporary heating or cooking in wildfire risk areas.

Where required by ~~local regulations~~ the Fire Code Official, an operational permit is required to operate temporary heating or cooking equipment in *wildfire risk areas*.

5. Briefly explain your proposed amendment, including the purpose, benefits and problems addressed.

This proposal clarifies that since the Fire Code Official designates a Wildfire Risk Area, which is defined in Chapter 2, and the Fire Code Official is authorized per Chapter 1 to issue permits, *fire code official* is the correct language to be used in lieu of “local regulations”.

Informational note: I italicized “*wildfire risk areas*” since it is defined in Chapter 2 and added a period (.) at the end of the sentence. Both changes appear to be clerical errors in the first printing.

6. Specify what criteria this proposal meets. You may select more than one.

- The amendment is needed to address a critical life/safety need.
- The amendment clarifies the intent or application of the code.
- The amendment is needed to address a specific state policy or statute.
- The amendment is needed for consistency with state or federal regulations.
- The amendment is needed to address a unique character of the state.
- The amendment corrects errors and omissions.

7. Is there an economic impact: Yes No

This amendment clarifies the intent and application of the code and does not increase cost.

If yes, provide economic impact, costs and benefits as noted below in items a – f.

- a. **Life Cycle Cost.** Use the OFM Life Cycle Cost [Analysis tool](#) to estimate the life cycle cost of the proposal using one or more typical examples. Reference these [Instructions](#); use these [Inputs](#). Webinars on the tool can be found [Here](#) and [Here](#)). If the tool is used, submit a copy of the excel file with your proposal submission. If preferred, you may submit an alternate life cycle cost analysis.
- b. **Construction Cost.** Provide your best estimate of the construction cost (or cost savings) of your code change proposal.

Click here to enter text./square foot

(For residential projects, also provide Click here to enter text./ dwelling unit)

Show calculations here, and list sources for costs/savings, or attach backup data pages

- c. **Code Enforcement.** List any code enforcement time for additional plan review or inspections that your proposal will require, in hours per permit application:

- d. **Small Business Impact.** Describe economic impacts to small businesses:

- e. **Housing Affordability.** Describe economic impacts on housing affordability:

- f. **Other.** Describe other qualitative cost and benefits to owners, to occupants, to the public, to the environment, and to other stakeholders that have not yet been discussed:

Please send your completed proposal to: sbcc@des.wa.gov

All questions must be answered to be considered complete. Incomplete proposals will not be accepted.
