Amend section to read as follows:

WAC 51-54A-0319

~~**Mobile food preparation vehicles.**~~

~~**319.1 General.** Mobile food preparation vehicles that are equipped with appliances that produce smoke or grease-laden vapors or utilize LP-gas systems or CNG systems shall comply with this section. **RESERVED.**~~

SECTION 4106

MOBILE FOOD PREPARATION VEHICLES

4106.1 General.

Mobile food preparation vehicles that are equipped with appliances that produce smoke or grease-laden vapors or utilize LP-gas systems or CNG systems for the purpose of preparing, cooking or serving food shall comply with NFPA 96 and this section. Indoor use of *mobile food preparation vehicles* is prohibited unless *approved by the fire code official*.

5. **Briefly explain your proposed amendment, including the purpose, benefits and problems addressed.**

The 2024 IFC relocated Mobile Food Preparation Vehicles from Section 319 to Section 4106. The existing WAC needs to be repealed and that section can now be labeled as RESERVED for future amendments.

The change proposed to 4106.1 just brings in the existing amendment from 319.

- The amendment is needed to address a critical life/safety need.
- The amendment clarifies the intent or application of the code.

- The amendment is needed for consistency with state or federal regulations.
- The amendment is needed to address a unique character of the state.
- The amendment corrects errors and omissions.

7. **Is there an economic impact:** Yes No
