

STATE BUILDING CODE COUNCIL

May 2018 Log No. ____

1. State Building Code to be Amended:	
☐ International Building Code	☐ International Mechanical Code
☐ ICC ANSI A117.1 Accessibility Code	☐ International Fuel Gas Code
☐ International Existing Building Code	☐ NFPA 54 National Fuel Gas Code
☐ International Residential Code	☐ NFPA 58 Liquefied Petroleum Gas Code
	☐ Wildland Urban Interface Code
☐ Uniform Plumbing Code	For the Washington State Energy Code, please see specialized <u>energy code forms</u>
Section(s): 1013.7 (New, both codes), WAC 5. 8000 (Existing amendment, IFC) (e.g.: Section: R403.2) Title: Internationally-standardized pictogram (e.g.: Footings for wood foundations)	1-50-3500 (Existing amendment, IBC), WAC 51-54A-
2. Proponent Name (Specific local government, orga Proponent: Carsten Jonas Title: Self	
Date: September 19, 2024 (Revised October 2	:4, 2024)
3. Designated Contact Person:	
Name: Carsten Jonas	
Title: Self	
Address: 19 Gypsy Trail, Weston, MA 02493	\$
Office Phone: None	
Cell: (781) 363-8193	

E-Mail address: carstenmjonas@gmail.com

4. Proposed Code Amendment. Reproduce the section to be amended by underlining all added language, striking through all deleted language. Insert <u>new</u> sections in the appropriate place in the code in order to continue the established numbering system of the code. If more than one section is proposed for amendment or more than one page is needed for reproducing the affected section of the code, additional pages may be attached.

Clearly state if the proposal modifies an existing amendment or if a new amendment is needed. If the proposal modifies an **existing amendment**, show the modifications to the existing amendment by underlining all added language and striking through all deleted language. If a new amendment is needed, show the modifications to the **model code** by underlining all added language and striking through all deleted language.

Code(s) IBC & IFC Section(s) 1013.6.1.1 (New, titled "Internationally-standardized pictogram.")

Enforceable code language must be used.

Create new section to read as follows:

1013.6.1.1 Pictorial exit sign option. Exit signs shall either meet the lettering requirements of Section 1013.6.1, have the pictogram for an emergency exit in accordance with ISO 7010, or both.

Code(s) IBC Section(s) WAC 51-50-3500 (Existing amendment, titled "Referenced standards.")

Enforceable code language must be used.

Add an entry to the table to read as follows (heading reprinted for convenience):

Standard reference number	Title	Referenced in code section
		number
ISO 7010:2019	Graphical Symbols — Safety Colours and Safety Signs — Registered Safety Signs	1013.6.1.1

Code(s) IFC Section(s) WAC 51-54A-8000 (Existing amendment, titled "Referenced standards.")

Enforceable code language must be used.

Add an item to the list to read as follows: "ISO 7010:2019 Graphical Symbols — Safety Colours and Safety Signs — Registered Safety Signs 1013.6.1.1"

5. Briefly explain your proposed amendment, including the purpose, benefits and problems addressed. Specifically note any impacts or benefits to business, and specify construction types, industries and services that would be affected. Finally, please note any potential impact on enforcement such as special reporting requirements or additional inspections required.

See previously attached PDF. (The merits of this proposal are unchanged by this revision. This revision rewords the new section to clarify that it is an option. Existing state amendments in the referenced standards chapters are formatted differently between the IBC and IFC so the proposal's amendments are worded differently.)

6.	Specify what criteria this proposal meets. You may select more than one.	
	☐ The amendment is needed to address a critical life/safety need.	
	☐ The amendment clarifies the intent or application of the code.	
	☐ The amendment is needed to address a specific state policy or statute.	
	☐ The amendment is needed for consistency with state or federal regulations.	
	The amendment is needed to address a unique character of the state.	

☐ The amendment corrects errors and omissions.
7. Is there an economic impact: Yes No
If no, state reason: None, the cost to manufacture an exit sign is the same as the manufacturing process is largely identical whether the exit sign has the internationally-standardized pictogram or the word "EXIT". In addition, this change does not require the internationally-standardized pictogram, it simply allows it.
If yes, provide economic impact, costs and benefits as noted below in items $a - f$.
a. <i>Life Cycle Cost.</i> Use the OFM Life Cycle Cost <u>Analysis tool</u> to estimate the life cycle cost of the proposal using one or more typical examples. Reference these <u>Instructions</u> ; use these <u>Inputs</u> . Webinar on the tool can be found <u>Here</u> and <u>Here</u>). If the tool is used, submit a copy of the excel file with your proposal submission. If preferred, you may submit an alternate life cycle cost analysis.
b. <i>Construction Cost.</i> Provide your best estimate of the construction cost (or cost savings) of your code change proposal.
\$Click here to enter text./square foot
(For residential projects, also provide \$Click here to enter text./ dwelling unit)
Show calculations here, and list sources for costs/savings, or attach backup data pages
c. <i>Code Enforcement.</i> List any code enforcement time for additional plan review or inspections that your proposal will require, in hours per permit application:
d. Small Business Impact. Describe economic impacts to small businesses:
e. Housing Affordability. Describe economic impacts on housing affordability:
f. <i>Other.</i> Describe other qualitative cost and benefits to owners, to occupants, to the public, to the environment, and to other stakeholders that have not yet been discussed:
Please send your completed proposal to: sbcc@des.wa.gov

All questions must be answered to be considered complete. Incomplete proposals will not be accepted.
