<p>5. BFRW Committee</p> <ul style="list-style-type: none"> <li>April 11, 2025</li> </ul>	<p>Discussion was held on the process for the next BFRW Committee meeting in relation to the 3 EV proposals. Todd Beyreuther indicated he would work on a combination of the 3 into 1 proposal to post on Monday for review, prior to the meeting on Friday.</p> <p>Discussion was then held on the Embodied Carbon topic for the next BFRW Committee meeting, and it was suggested to post the revised document and notification as soon as possible that this topic will be discussed.</p>
<p>6. WUIC Discussion</p>	<p>Dustin Curb noted DNR maps associated to the WUIC are not ready and he asked the Committee how they thought the SBCC should proceed. Should the SBCC engage in proceeding with meetings and discussion or wait and if proceeding, what would the timeline look like. He indicated he is also bringing this topic to the next Council meeting for discussion.</p> <p>There was discussion held with conflicting views of how and when to proceed, what to work on if proceeding, how often to hold meetings and what the purpose of the meetings would be and if time wouldn't be better spent working on all of the other SBCC codes. Public comment was heard both in favor of proceeding with working on the WUIC and waiting for the DNR Mapping to be completed.</p> <p>It was decided to bring the topic to the April 18 Council meeting and if decision is to proceed, Dustin Curb and Katy Sheehan would work together to make a plan for the WUIC TAG.</p>
<p>7. Set Full Council Agenda for April 18, 2025</p>	<p>In preparation for the next Council meeting, Dustin Curb listed the standard items (1-4) for the Council Agenda, then listed other items to add to the agenda; TAG appointments, Committee Reports, WUIC discussion.</p> <p>Dustin Curb notified the Committee that he is still working through the IRC report and will not be ready for this next Council meeting. He then said the MVP TAG is meeting on Tuesday and depending on the outcome of that meeting what will be addressed at the Council meeting. It was then decided the 2024 Code Cycle – schedule update would be a topic for discussion at the next Council meeting.</p> <p>Dustin Curb agreed to email the Council an excel spreadsheet of the Schedule so they could review, as the PDF document on the website was hard to read.</p>
<p>8. Other Business</p>	<p>No other business was discussed.</p>
<p>9. Adjourn</p>	<p>The meeting was adjourned at 11:33 a.m.</p>
